Party On!

We have decided we need more ways to party! And so we are expanding our program to include some new forms of party behaviour:

Studio Dance Parties

Our traditional winning formula for good times will move back to Tuesdays from 8:30 to 10:00. The cost for these parties will remain \$5 and our teachers, as always, will be in attendance.

Dance Night

On Fridays at 8:30 we will host a weekly dance night. The main difference will be that our staff will not be in attendance and there will be *less* of an expectation for changing partners. The cost for the dance night will be \$5 per person.

Saturday Events

Also most of our major studio events will be moving to Saturday nights. That includes our Showcases, April Fools Ball, Halloween Party, Christmas Party etc. This will give everyone a little more time to prepare and make these events even more special than they already are.

Contact Info

Thanks to everyone who has taken the time to fill in a contact information sheet at the front desk. If you have not filled in a form, please do so at your earliest convenience. If you think we already have your info - we don't!
